WALL HOOKS

SNUGHOOKS

Snughooks represent the latest and safest hook on the market. Snughooks are smooth-faced, recessed hooks; eliminating the dangers associated with protruding wall hooks. Snughooks are ideal for educational institutes and public areas and can be used to store items such as school bags, minimising potential trip hazards.

Key Features

- No Sharp Edges
- Australian Made
- UV Stabilised
- Flame Retardant
- Rated for a Combined Load of 120Kg
- Multiple Colours Available
- Wall Fixing Kit Included
- 10-year warranty

Safe Design

With no protruding hooks or sharp edges the Snughook is one of the safest hook systems on the market.

PRODUCT CUSTOMISATION

We know that sometimes standard products are not enough. To best serve our client's particular requirements, whilst providing furniture that can make every environment unique we encourage a customised approach to our product range. Just some of the modifications we provide are:

Size Modifications

Custom-sized products can be designed and manufactured to suit specific uses.

Perforation Patterns

Unique patterns can be designed to set your office apart from the rest.

Special Requirements

We can design customised products, to suit specific requirements, ensuring you get a product best suited to your needs.

Colours

Adding the correct colour to your environment is important in establishing the right look and feel to your workspace. Ask your local sales representative about our additional custom colour options.

AFTER SALES SERVICE

Customer satisfaction is an imperative component of the comprehensive service that we provide.

Clever also endeavours to provide a better product and ongoing service, to do this we follow our ISO 9001:2008 certified quality management system.

Business Development Managers

We are represented in every state of Australia. If you wish to get in touch with us, please contact your local sales representative.
